

Brushless Motor Stator Production Line for Automobile Water Pump

You can rest assured to buy SHUAI RUI® Brushless Motor Stator Production Line for Automobile Water Pump from our factory and we will offer you the best after-sale service and timely delivery.

SHUAI RUI® Brushless Motor Stator Production Line for Automobile Water Pump

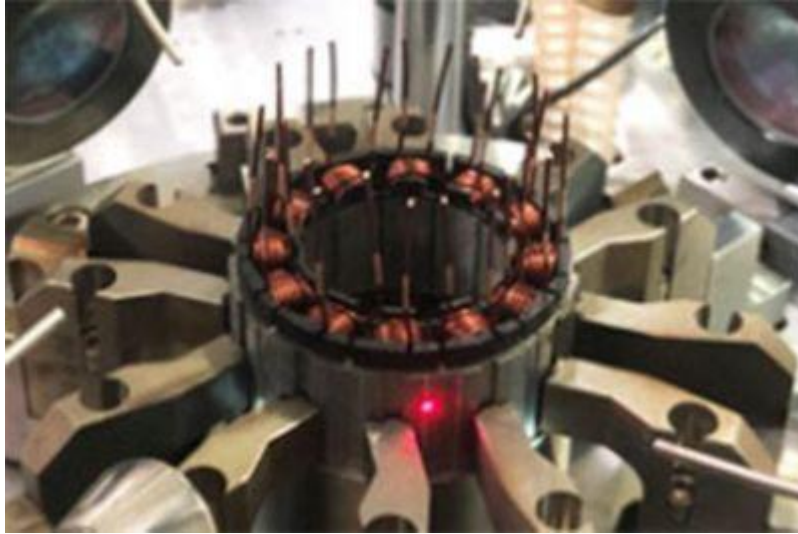

Suzhou SHUAI RUI Automation Equipment Co., LTD

Address:No.35 Aige Hao Road, Weitang Town, Xiangcheng District, Suzhou

Tel:+86-18962186860

Fax:+86-512-68183855

E-mail:Xiaoshou1@sz-shuirui.com

Production line introduction:

- 1.The brushless motor stator production line of the water pump has a high degree of automation, the equipment runs fast, has high stability, and supports intelligent production.
- 2.The staffing is 0 people, the rhythm is 15 seconds/1 piece, and the stator is finished.
- 3.Equipment composition: iron core feeding machine, front and rear skeleton machine, block stator winding machine, round welding machine, wiring bridge assembly machine, comprehensive testing machine, blanking machine, etc.
- 4.High degree of automation, less staffing, high equipment stability, to meet mass production.
- 5.Intelligent production, the whole line MES system, real-time grasp of the production situation.
- 6.The pass rate of the whole line: 99.7%.
